Edec 402: Action Lab Placement in ECE Preschool

CURRICULUM & INSTRUCTION

In this course, students will be placed in an early childhood preschool in order to apply practices and gain experience and understanding of teaching math, science and integrating the arts in an early childhood classroom. Students will be required to make careful observations, work with children and a classroom teacher, participate in curriculum planning, and reflect on teaching methodology in a real-world setting. This course is required in conjunction with Edec 400: STEAM in ECE and EDEC 401: Integrating Arts into the Curriculum. Must be admitted to Phase II of Teacher Education.

3 Credits
