Emphasis - Exercise Science

Ph.D. in Health & Kinesiology

Description

The Ph.D. in health and kinesiology degree program prepares students for university teaching and research positions. Also, the degree prepares students for research careers in industry and medicine that include the study of health, exercise, sports/recreation, and analytics (aka measurement and evaluation). The program has three emphasis areas: 1) exercise science; 2) health behavior; and 3) sports/recreation. In addition to their emphasis areas, students can choose an analytics* cognate.

Minimum Total Credit Hours: 63

General Education Requirements

All Ph.D. students must complete a minimum of 63 credits beyond a master's degree program in directed research, professional seminar, research methods and statistics, and specialization course work.

Course Requirements

Directed Research (24 credits)
- HK 797 - Dissertation (18 hours)
- HK 751 - Advanced Independent Study (3 hours)
- HK 752 - Advanced Independent Study (3 hours)

Professional Seminar (6 credits)
- HK 750 - Seminar in Health and Kinesiology (1 hour repeated six times)

Research Methods & Statistics (12 credits)

Specific course recommendations include:
- HK 710 - Meta-Analysis (3 hours)
- HK 711 - Measurement Theory & Practice (3 hours)
- NHM 726 - Applied Regression Analysis (3 hours)
- Phad 780 - General Linear Models (3 hours)
- Phad 781 - Applied Multivariate Analysis (3 hours)
- Psy 703 - Quantitative Methods I (3 hours)
- Psy 704 - Quantitative Methods II (3 hours)
- SW 705 - Applied and Inferential Statistics (3 hours)

Emphasis Area Coursework (21 credits)

Course credits to be selected in consultation with adviser.

Emphasis - Exercise Science

Description

The emphasis in exercise science prepares students for university teaching and research positions. Also, the degree prepares students for research careers in industry and medicine that include the study of exercise.

Course Requirements

The course requirements are 21 hours in an exercise science emphasis area [all four of the core classes (ES 609, ES 611, ES 614, ES 616) must be taken at the University of Mississippi]; 12 hours of research methods and statistics; 6 hours of professional seminar; and 24 hours of directed research (18 of which must be dissertation hours).

Other Academic Requirements

Additional coursework will be required for students who do not enter the program having completed a master’s-level degree in exercise science or closely related discipline.

The University of Mississippi is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates and baccalaureate, master’s, specialist, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, call 404-679-4500, or visit online at www.sacscoc.org for questions about the accreditation.
