**B.S. in Biomedical Engineering**

**Description**

This Bachelor of Science in Biomedical Engineering (BME) degree program will prepare engineering students at the University of Mississippi to capably apply advanced mathematics, science, and engineering to solve the problems at the interface of engineering, biology, and medicine. Moreover, the curriculum will prepare graduates with the ability to make measurements on and interpret data from living systems, addressing the problems associated with the interaction between living and non-living materials and systems. The graduates of the program will be able to pursue (i) employment in biomedical or related industries (ii) graduate studies in biomedical engineering or related discipline, and (iii) pursue professional careers in medicine, dentistry, pharmacy, or patent law.

**Minimum Total Credit Hours: 127**

**General Education Requirements**

Students must complete at least 18 semester hours of general education requirements: 3 hours in humanities, 3 hours in fine arts, 3 hours in humanities/fine arts, 6 hours in social science (including Econ 310), and the remaining 3 hours can be in any of the humanities/fine arts, social science, or general education courses as specified by the School of Engineering.

**Emphasis - Biomolecular**

**Description**

Biomolecular Engineering is an emerging discipline at the interface of molecular biology, biophysical chemistry, and chemical engineering — whose express purpose is developing novel molecular tools, materials, and approaches that are the focal point of applied and basic research within academia, industry, and medicine.

**Course Requirements**

Specific requirements for the biomolecular emphasis within biomedical engineering include BISC 162, 163, 333; ChE 520, 545; BME 320; 6 hours of engineering electives chosen from any School of Engineering course 300 level or above; 6 hours of emphasis electives chosen from BISC, CHEM, MATH, PHYS, or School of Engineering 300 level or above or special courses with departmental approval.

**Degree Requirements**
