Ph.D. in Engineering Science

Description
The Ph.D. in engineering science is offered in a number of emphasis areas: aeroacoustics, chemical engineering, civil engineering, computational hydrosience, computer science, electrical engineering, electromagnetics, environmental engineering, geology, geological engineering, hydrology, mechanical engineering, and material science and engineering.

Minimum Total Credit Hours: 66

Course Requirements
A student must complete the requirements for one of the emphasis areas. All doctoral programs require completion of a comprehensive examination, dissertation prospectus, and a dissertation. See the department chair or adviser for specific requirements for an emphasis area.

Specializations
School of Engineering
Mechanical Engineering
  ● Emphasis - Aeroacoustics

Chemical Engineering
  ● Emphasis - Chemical Engineering

Civil Engineering
  ● Emphasis - Civil Engineering

Mechanical Engineering
  ● Emphasis - Computational Hydrosience

Computer & Information Science
  ● Emphasis - Computer Science

Electrical Engineering
  ● Emphasis - EE (Electromagnetics)
  ● Emphasis - Electrical Engineering

Civil Engineering
  ● Emphasis - Environmental Engineering

Geology & Geological Engineering
  ● Emphasis - Geological Engineering
  ● Emphasis - Geology
  ● Emphasis - Hydrology

Mechanical Engineering
  ● Emphasis - Materials Science and Engr.
  ● Emphasis - Mechanical Engineering
