**Engr 661: Computer Networks II**

School of Engineering

Continued analysis of loosely coupled computer communication, constraints on intercomputer communication, communication protocols, and network services. LAN data link protocols, transport services, and other high-level network functions are examined in detail.

3 Credits

**Prerequisites**
- Csci 561: Computer Networks (Minimum grade: C)

**Instruction Type(s)**
- Lecture: Lecture for Engr 661

**Subject Areas**
- Engineering, General
- Computer Engineering, General
- Computer Science
