Engr 661: Computer Networks II

Continued analysis of loosely coupled computer communication, constraints on intercomputer communication, communication protocols, and network services. LAN data link protocols, transport services, and other high-level network functions are examined in detail.

3 Credits

Prerequisites

- Csci 561: Computer Networks (Minimum grade: C)

Instruction Type(s)

- Lecture: Lecture for Engr 661

Subject Areas

- Engineering, General
- Computer Engineering, General
- Computer Science

Related Areas

- Computer Hardware Engineering
