Engr 661: Computer Networks II
School of Engineering
Continued analysis of loosely coupled computer communication, constraints on intercomputer communication, communication protocols, and network services. LAN data link protocols, transport services, and other high-level network functions are examined in detail.

3 Credits
Prerequisites
• Csci 561: Computer Networks (Minimum grade: C)

Instruction Type(s)
• Lecture: Lecture for Engr 661

Subject Areas
• Engineering, General
• Computer Engineering, General
• Computer Science

Related Areas
• Computer Hardware Engineering
