Manf 251: Manufacturing Processes
School of Engineering

A survey of manufacturing technologies applicable to manufacturing processes covering the spectrum from large scale materials processing through microelectronic and electromechanical systems.

3 Credits

Prerequisites
- Manf 152: Intro to Engineering & Manufacturing II

Corequisites
- Manf 252: Product Realization Laboratory

Instruction Type(s)
- Lecture: Lecture for Manf 251

Subject Areas
- Mechanical Engineering
