TC 491: Special Topics in Telecommunications

TELECOMMUNICATIONS
A concentrated study of a specific instructor-approved telecommunications topic. Topics are mobile communications, traffic engineering, information theory, synchronous digital networks, and advanced fiber-based systems. Students can earn up to 6 hours toward telecommunications degree requirements.

3 Credits

Instruction Type(s)
• Lecture: Lecture for TC 491

Subject Areas
• Telecommunications Engineering
• Electrical and Electronics Engineering

Related Areas
• Electrical and Electronics Engineering
• Laser and Optical Engineering
• Telecommunications Engineering
