Bisc 504: Biometry

**Biology**

A course on analysis of biological data using parametric and nonparametric statistics.

4 Credits

**Prerequisites**

- 15 hours of Bisc courses.
- Math 121 or higher with a minimum grade of C.
- Prerequisite: Junior standing (60 hr).

**Instruction Type(s)**

- Lecture/Lab: Lecture/Lab for Bisc 504

**Subject Areas**

- Biology/Biological Sciences, General
- Biometry/Biometrics

**Related Areas**

- Bioinformatics
- Biomathematics, Bioinformatics, and Computational Biology, Other
- Biomedical Sciences, General
- Biostatistics
