Math 679: Statistical Bioinformatics

**Mathematics**

Introduction to bioinformatics, an interdisciplinary study that combines techniques and knowledge in mathematical, statistical, computational, and life sciences in order to understand the biological significance of genetic sequence data.

3 Credits

**Prerequisites**
- Math 575: Mathematical Statistics I (Minimum grade: C)

**Instruction Type(s)**
- Lecture/Lab: Lecture/Lab for Math 679

**Subject Areas**
- Mathematical Statistics and Probability
- Biostatistics
