

B.S.C.S. in Computer Science

[Overview](#)

[Degree Requirements](#)

Description

The goal of the B.S.C.S. program is to give each student a thorough professional education in contemporary computer science while allowing sufficient flexibility for the student to pursue individual interests in related technical fields.

Minimum Total Credit Hours: 127

Goals/Mission Statement

The B.S.C.S. program has four educational objectives. As effective members of the computer science profession, graduates will:

1. be capable of solving computer science problems of difficulty appropriate to their experience level,
2. function effectively as leaders and as members of teams,
3. engage in continuing professional development,
4. demonstrate social responsibility.

The goal and objectives of the B.S.C.S. program are consistent with the mission statement of The University of Mississippi.
