Concentration - Remote Sensing/Air/Space

Description

The concentration in remote sensing, air and space law is designed to provide students with specialized study in the fields of remote sensing, air and space law and to prepare students for careers in federal and international law and technology-related areas.

Course Requirements

The concentration requires 27 credit hours consisting of four aerospace law courses (12 credit hours), (International Space Law 680, U.S. Domestic Space Law 679 or Remote Sensing Law 655, International Aviation Law 724, U.S. Aviation Law 723), Independent Study in Aerospace Law and/or possible externship/internship placement (3 credit hours), and four elective courses (12 credit hours), for a total of 27 credits. A list of elective courses follows:

- Administrative Law 605
- Communications Law 673
- Environmental Law 581
- European Communities Law 530
- International Commercial Arbitration 722
- International Environmental Law 656
- Intellectual Property 580
- International Law 620
- International Security Law & Policy 658
- International Trade 575
- Journal of Space Law 583
- Law of Armed Conflict 531
- Remote Sensing Law 655
- U.S. Domestic Space Law 679

Independent Study or Internship/Externship Placement:

Each concentration student must present acceptable legal research and analysis on an aerospace law topic assigned by the faculty, and the preparation of a written article. Grades will be determined by the quality of the proposal, literature review, research report and article completion.

In lieu of Independent Study, with the assistance of, and subject to the approval of the program director, students may do a supervised internship/externship in the aviation or space law private or public sector, or at the center, for 3 credit hours.

Other Academic Requirements

A cumulative grade-point average of 2.5 in the concentration courses must be achieved in order to successfully complete the concentration. Students earning a cumulative 3.2 grade-point average in all concentration courses will have "with honors" reflected on their certificates.
