

B.S. in Occupational Therapy (2 +2)

Description

The B.S./M.S. in occupational therapy (a 2 + 2 program with The University of Mississippi Medical Center, PLUS an additional year to obtain a Master of Occupational Therapy) prepares an individual for employment in hospitals, rehabilitation centers, intermediate care facilities, community mental health programs, private practice, home health agencies, or educational settings. Occupational therapists work with clients who have physical, psychological, or developmental problems and assist these clients in restoring basic function, developing independence, preparing to return to work, and adjusting to disabilities.

Minimum Total Credit Hours: 60

General Education Requirements

See the 'General Education/Core Curriculum' for the School of Liberal Arts.
