

Engr 361: Electric Circuit Laboratory SCHOOL OF ENGINEERING

Circuit elements and instruments; experiments dealing with series and two-port networks, voltage, current, power, vars.

1 Credit

Prerequisites

- Pre-Requisite: 24 Earned Hours
- Engr 360 or Engr 362

Instruction Type(s)

• Lecture/Lab: Lecture/Lab for Engr 361

Subject Areas

- Engineering, Other
- Engineering, General
