

Chem 401: Inorganic Chemical Principles

CHEMISTRY & BIOCHEMISTRY

Application of physical chemical principles to the study of inorganic systems.

3 Credits

Prerequisites

- [Chem 332: Physical Chemistry II](#)
- Pre-Requisite: 24 Earned Hours

Instruction Type(s)

- Lecture: Lecture for Chem 401

Subject Areas

- [Inorganic Chemistry](#)

Related Areas

- [Analytical Chemistry](#)
- [Chemical Physics](#)
- [Chemistry, General](#)
- [Environmental Chemistry](#)
- [Forensic Chemistry](#)
- [Organic Chemistry](#)
- [Physical Chemistry](#)
- [Theoretical Chemistry](#)
