

## **Engr 679: Wave Propagation**

### **SCHOOL OF ENGINEERING**

Elastic waves, loss mechanisms and attenuation, sources for elastic waves, waves in layered media, effects of gravity, curvature and viscosity, Rayleigh's principle.

3 Credits

#### **Prerequisites**

- [Engr 671: Elasticity](#)

#### **Instruction Type(s)**

- Lecture: Lecture for Engr 679

#### **Subject Areas**

- [Engineering, General](#)
- [Mechanical Engineering](#)
