

# B.S. in Dietetics and Nutrition

[Overview](#)

[Degree Requirements](#)

## Description

The program in dietetics and nutrition provides an academic path for students to enter careers or advanced programs in dietetics and nutrition.

**Minimum Total Credit Hours: 124**

## Goals/Mission Statement

The mission of the program in dietetics and nutrition is dedicated to preparing future professionals for dietetic internships, related work experiences, and postbaccalaureate studies. Goal 1. Provide students with a high quality didactic learning environment and experience to ensure they are competent in knowledge, skills, and foundations to be successful in the dietetic profession. Goal 2. Provide opportunities for students to develop and explore their personal and professional interests, and to value lifelong learning. Goal 3. Prepare graduates for professional service in dietetic internships, employment, or to pursue higher education opportunities.

## General Education Requirements

See the General Education/Core Curriculum for the School of Applied Sciences. Students in this major, however, must take BISC 102/103 or 160/161 to fulfill the "Human Biology w/Lab" requirement and BISC 206 for the "Additional Science w/Lab" requirement in the core curriculum.

An additional 35 hours is required in the following courses: CSCI 191, CHEM 105/115, CHEM 106/116, BISC 207, BISC 210, CHEM 121, CHEM 271, MGMT 371, MGMT 383 or FCS 566, and Speech 102, 105 or BUS 271.

Note: Higher level science courses may substitute for the courses listed above. Students in this program should consult the academic advisor or dean's office if they wish to take or have already taken a more advanced science course.

## Course Requirements

The B.S.D.N. degree requires 45 semester hours of NHM courses: NHM 111, 211,213,214,311, 323, 363, 373, 410, 411, 412, 415, 417, 461, 462, 472 and 483.

## Other Academic Requirements

A verification statement documenting successful completion of all undergraduate course requirements is required for graduates to gain acceptance into accredited dietetic internship programs.
