Admission Policies

The Teacher Education Program in the School of Education is composed of three phases. The first phase is the "Core Curriculum." Candidates complete the core curriculum during the freshman and sophomore years. The second phase is the "Professional Education Core." Candidates usually enter this phase at the end of the spring semester of the sophomore year or at the end of the fall semester of the junior year. Before going forward into any of the professional education courses beyond Edci 352, candidates must be admitted to Phase II. The third phase is "Student Teaching."

Candidates can enter Phase I: Core Curriculum as an incoming freshman or by transferring with a minimum 2.5 GPA. Criteria for admission into phases II and III are described below.

Note: Admission standards and the programs' curricula are subject to change due to mandates from accreditation agencies and the Mississippi Department of Education. Academic Regulations

Program Completion Requirements

All students must successfully complete program degree requirements approved by the Mississippi Institutions of Higher Learning. Applicants for degrees in education must have earned at least 30 semester hours of credit in courses taken from the School of Education at The University of Mississippi.

Advising

Advisory services are provided during priority registration as well as regular registration through the dean's office. An advising team provides academic, career, and professional information to assist students in planning a program of study in their chosen degree areas. Students are assisted in identifying and registering for appropriate courses to meet their degree program requirements. Individual student records are maintained in the dean's office and in the Department of Curriculum and Instruction office. While each student is encouraged to meet regularly with the advising team, it is ultimately the student's responsibility for meeting all degree requirements.
