

## Engs 610: Telecommunication Network Engineering

### SCHOOL OF ENGINEERING

Team design project developed in cooperation with industry. Students accomplish the design and document the results in a report and in an oral presentation.

3 Credits

#### Prerequisites

- [Engr 653: Computer Structures](#) (Minimum grade: C)
- [Engs 603: Analysis of Algorithms](#) (Minimum grade: C)
- [Engs 606: Computer Networks](#) (Minimum grade: C)

#### Instruction Type(s)

- Lecture: Lecture for Engs 610

#### Subject Areas

- [Engineering, General](#)
- [Electrical and Electronics Engineering](#)
- [Computer Science](#)
