

SCHOOL OF PHARMACY

[Overview](#)[Academics & Admissions](#)[Departments](#)[Programs](#)[Courses](#)[Faculty](#)[Awards](#)

Admission Policies

Students entering the Bachelor of Science in Pharmaceutical Sciences (B.S.P.S.) program must satisfy the general admissions requirements and procedures of the university. Admission into the B.S.P.S. program can occur in the fall of the freshman year, i.e., "Early Entry," but more typically after completion of the pre-pharmacy curriculum at The University of Mississippi or other accredited institution, i.e., "Regular Entry." Procedures and criteria for early entry and regular entry admission into the professional pharmacy program are given on the Web site of the School of Pharmacy. To gain regular entry admission, a student must have a cumulative GPA (calculated on all grades earned) of at least 2.75 on all required pre-pharmacy courses (excluding electives in humanities, fine arts, and social sciences), have obtained a minimum composite percentile score of 40, and a conventions of language score of 3 on the Pharmacy College Admission Test (PCAT) taken within 12 months of the application deadline. Admission into the professional curriculum requires proof of an extern/intern license issued by the Mississippi Board of Pharmacy for which a criminal background check is required at the applicant's expense. Following completion of the B.S.P.S. degree, students will be admitted into the Doctor of Pharmacy program if they have achieved at least a 2.65 GPA on first year professional courses.

Academic Regulations

Program Completion Requirements

This information is given in the description of the B.S.P.S. and Pharm.D. degrees.

General Education Core Curriculum

This information (a listing of the courses required for entry into the professional degree program) is given in the description of the B.S.P.S.

<http://www.pharmacy.olemiss.edu/Handbook.pdf> (See Section 6)

College/School-wide Degree Requirements

This information is given in the descriptions of the B.S.P.S. and Pharm.D. degrees. <http://www.pharmacy.olemiss.edu/Handbook.pdf> (See Section 6)
