Minor - Computer Science

Description

The minor in computer science enables students to develop an understanding of the fundamental concepts and techniques of computing science. Students thus can enhance their studies in other disciplines by adding a dimension of algorithmic thinking and developing practical computational skills useful in many areas of contemporary society.

Course Requirements

A minor in computer science consists of 18 hours of computer science courses and must include CSci 111, 112, 211, and 223. The additional 6 hours of course work shall be taken from courses numbered 200 and above.
