

# Ch E 561: Advanced Transport Phenomena II CHEMICAL ENGINEERING

Development and use of the equations of conservation of mass, energy, and momentum in continuous materials. 3 Credits

#### **Prerequisites**

• Pre-requisite: Ch E 560 or Graduate Standing

## **Instruction Type(s)**

• Lecture: Lecture for Ch E 561

### **Subject Areas**

• Chemical Engineering

#### **Related Areas**

• Chemical and Biomolecular Engineering
