

## Csci 391: Computer Graphics

### COMPUTER & INFORMATION SCIENCE

Introduction to the fundamentals of computer graphics, including elementary figures, shading, geometric transformations, graphics program design, and interactive techniques.

3 Credits

#### Prerequisites

- [Csci 211: Computer Science III](#)
- [Math 262: Unified Calculus & Analytic Geometry II](#)
- [Csci 223: Computer Org. & Assembly Language](#)

#### Instruction Type(s)

- Lecture: Lecture for Csci 391

#### Subject Areas

- [Computer Science](#)
- [Computer Graphics](#)
