

Engr 679: Wave Propagation

SCHOOL OF ENGINEERING

Elastic waves, loss mechanisms and attenuation, sources for elastic waves, waves in layered media, effects of gravity, curvature and viscosity, Rayleigh's principle.

3 Credits

Prerequisites

- [Engr 671: Elasticity](#)

Instruction Type(s)

- Lecture: Lecture for Engr 679

Subject Areas

- [Engineering, General](#)
- [Mechanical Engineering](#)
