

Phad 394: Intermed. Biostatistics for Pharmacists PHARMACY ADMINISTRATION

A course designed to provide pharmacy students with an overview of frequently used statistical procedures in the biomedical literature. This course is designed to expand on the principles of biostatistics covered in Prct 350. The goal is to enhance both the breadth and depth of coverage, while also introducing the use of statistical software packages.

2 Credits

Prerequisites

• Prct 350: Information Skills in Pharmacy Practice (Minimum grade: C)
