

Chem 554: Analytical Environmental Chemistry

CHEMISTRY & BIOCHEMISTRY

This course will focus on the analytical chemistry of pollutants and instrumental techniques used to identify and quantify them.

3 Credits

Prerequisites

- Pre-requisite: Chem 469 with minimum grade of C or Graduate standing.

Instruction Type(s)

- Lecture: Lecture for Chem 554

Subject Areas

- [Environmental Chemistry](#)
- [Analytical Chemistry](#)

Related Areas

- [Chemical Physics](#)
- [Chemistry, General](#)
- [Forensic Chemistry](#)
- [Inorganic Chemistry](#)
- [Organic Chemistry](#)
- [Physical Chemistry](#)
- [Theoretical Chemistry](#)
