

Edhe 310: Transfer Student Leadership I

LEADERSHIP & COUNSELOR EDUCATION

This course introduces first-year transfer students to leadership theory, its development, and practical applications. Topics include leadership styles, individual leadership preferences and personality styles, characteristics of successful leaders, goal setting and achievement, group decision making and problem solving, critical thinking, civic engagement, ethics, and leadership in a diverse society. The course also includes coverage of academic skills, major/career exploration, and the mission, values, and structure of a comprehensive, public university.
