

## Csci 475: Introduction to Database Systems COMPUTER & INFORMATION SCIENCE

An introduction to database systems covering basic concepts, data models, normalization, concurrency, and storage structures. 3 Credits

## **Prerequisites**

- Csci 211: Computer Science III
- Csci 223: Computer Org. & Assembly Language
- Pre-Requisite: 24 Earned Hours

## **Instruction Type(s)**

• Lecture: Lecture for Csci 475

## **Subject Areas**

• Computer Science
