

Engr 361: Electric Circuit Laboratory SCHOOL OF ENGINEERING

Circuit elements and instruments; experiments dealing with series and two-port networks, voltage, current, power, vars. 1 Credit

Prerequisites

Engr 360: Electric Circuit Theory
Pre-Requisite: 24 Earned Hours

Instruction Type(s)

• Lecture/Lab: Lecture/Lab for Engr 361

Course Fee(s) Engineering 2

• \$50.00

Subject Areas

- Engineering, Other
- Engineering, General
