#### **GEOLOGY & GEOLOGICAL ENGINEERING | Fall 2016-17**

120 Carrier Hall, University, MS 38677

http://www.engineering.olemiss.edu/geology/

### Emphasis - Geology

Ph.D. in Engineering Science

• Emphasis - Geology

# Ph.D. in Engineering Science Description

The Ph.D. in engineering science is offered in a number of emphasis areas: aeroacoustics, chemical engineering, civil engineering, computational hydroscience, computer science, electrical engineering, electromagnetics, environmental engineering, geology, geological engineering, hydrology, mechanical engineering, and material science and engineering.

### Minimum Total Credit Hours: 66 Course Requirements

A student must complete the requirements for one of the emphasis areas. All doctoral programs require completion of a comprehensive examination, dissertation prospectus, and a dissertation. See the department chair or adviser for specific requirements for an emphasis area.

## Emphasis - Geology Description

A Ph.D. in engineering science with emphasis in geology prepares a student with advanced technical knowledge and communication skills for pursuing a career in industry, research and development, or public/government service. Students entering the program come from a variety of engineering and nonengineering disciplines such as geological engineering and physics.

#### **Course Requirements**

The Ph.D. with an emphasis in geology requires 54 semester hours of graduate credit beyond the bachelor's degree; selection of courses must be approved by the student's advisory committee.

### Other Academic Requirements

Successful completion of both written and oral comprehensive exams is required before undertaking the dissertation.
