

## Csci 562: Software Engineering I

### COMPUTER & INFORMATION SCIENCE

Software engineering paradigms, requirement analysis and specification, design of reliable software; data flow, data structure, and object-oriented design methodologies.

3 Credits

#### **Prerequisites**

- Pre-requisite: CSCI 387 or Graduate Standing

#### **Instruction Type(s)**

- Lecture: Lecture for Csci 562
- Lecture: Compressed Video for Csci 562

#### **Subject Areas**

- [Computer Science](#)
