

## **Csci 391: Computer Graphics** **COMPUTER & INFORMATION SCIENCE**

Introduction to the fundamentals of computer graphics, including elementary figures, shading, geometric transformations, graphics program design, and interactive techniques.

3 Credits

### **Prerequisites**

- [Csci 211: Computer Science III](#)
- [Math 262: Unified Calculus & Analytic Geometry II](#)
- [Csci 223: Computer Org. & Assembly Language](#)

### **Instruction Type(s)**

- Lecture: Lecture for Csci 391

### **Subject Areas**

- [Computer Science](#)
- [Computer Graphics](#)
