

# Engr 361: Electric Circuit Laboratory School of Engineering

Circuit elements and instruments; experiments dealing with series and two-port networks, voltage, current, power, vars.

1 Credit

### **Prerequisites**

Engr 360: Electric Circuit Theory
 Pre-Requisite: 24 Earned Hours

## **Instruction Type(s)**

• Lecture/Lab: Lecture/Lab for Engr 361

### Course Fee(s) Engineering 2

• \$50.00

## **Subject Areas**

- Engineering, Other
- Engineering, General
