

## Chem 103: Survey of Chemistry I Chemistry & Biochemistry

A survey of introductory-level general chemistry topics for nonchemistry majors who are interested in a survey of contemporary topics related to careers in the health sciences. Enrolling students are expected to have a working knowledge of high school algebra, logarithms, and scientific notation. When taken in conjunction with Chem 113, this course satisfies a laboratory science requirement of the core curriculum. May not be used for major or minor credit in chemistry.

3 Credits

### Prerequisites

- Successful completion of DS 099, if required.

### Instruction Type(s)

- Lecture: Lecture for Chem 103
- Lecture: Web-based lecture for Chem 103
- Lecture: iStudy for Chem 103
- Lecture: WEB Washington Internship for Chem 103

### Subject Areas

- [Chemistry, General](#)

### Related Areas

- [Analytical Chemistry](#)
- [Chemical Physics](#)
- [Environmental Chemistry](#)
- [Forensic Chemistry](#)
- [Inorganic Chemistry](#)
- [Organic Chemistry](#)
- [Physical Chemistry](#)
- [Theoretical Chemistry](#)
