

Ger 326: Gerontology: Social Welfare Aspects

This intergenerational service-learning class provides an introduction to the field of gerontology with a foundation in the bio-psycho-social aspects of aging. Emphasis will be on incorporating current knowledge with experiential components to familiarize those in social work and related fields (health care, law) about aging and professional work with an older population. Community service learning opportunities will be an integral part of the course. 3 Credits

Prerequisites

• Pre-Requisite: 24 Earned Hours
