Other Academic Requirements

Along with the scholarship aspect of the program, which is the mastery of academic content, the master's program in counselor education requires students to demonstrate competencies in the core competency areas outlined in the Council for the Accreditation of Counseling and Related Educational Programs (CACREP) 2016 Standards.

All master's degree students in the counselor education program are required to pass the Counselor Preparation Comprehensive Examination (CPCE). Students may retake the CPCE only twice.

Emphasis - Clinical Mental Health Couns Description

The M.Ed. in counselor education/clinical mental health counseling option requires that students complete a range of program experiences. Graduates of this program are prepared to become community counselors in public and private community settings.

Course Requirements

Beyond the core course requirements for the M.Ed. program, the clinical mental health counseling option also requires the following courses:

Clinical Mental Health	Credits
Coun 612. Foundations of Clinical Mental Health Counseling	3
Coun 617. Pre-Practicum and Advanced Skills	3
Coun 613. Diagnostic Systems in Counseling	3
Coun 644. Counseling Children and Adolescents	3
Coun 614. Family Counseling	3
Coun 615. Addictions Counseling	3
Coun 662. Practicum	3
Coun 664. Internship	6
Electives	3

Other Academic Requirements

Mastery of the content knowledge is assessed in many ways throughout the program. One specific milestone for assessing student's mastery of content knowledge is the program comprehensive examination. All master's degree students in the counselor education program are required to earn a passing score on the Counselor Preparation Comprehensive Examination (CPCE) in order to graduate from the program.

In addition to demonstrating mastery of content knowledge, students must also demonstrate development of basic counseling skills and demonstration of counseling and track-specific dispositions and competencies beyond class requirements. All master's degree students in the counselor education program are required to successfully complete practicum and internship in order to graduate from the program.
