

# Engr 314: Materials Science Laboratory School of Engineering

Laboratory investigation of crystal structure, defects, and diffraction theory; solidification of solids; microstructurally controlled physical and mechanical properties.

1 Credit

## **Prerequisites**

- Engr 314 Requires: One Way-Co-Requisite Engr 313
- Pre-Requisite: 24 Earned Hours

# Instruction Type(s)

• Lab: Lab for Engr 314

#### Course Fee(s) Engineering

• \$100.00

## Subject Areas

• Engineering, General
