

Edci 520: Service Projects in Science Ed: K-12 Teacher Education

The purpose of this course is to actively involve university students in improving science education through service-learning projects within the community and K-12 schools. University students will be able to: • Involve themselves in a minimum of one citizen science event • Develop one environmental project for K-12 school implementation • Mentor one K-12 student group for state, regional, or national problem-solving challenges in science education • Assist K-12 teachers in conducting one classroom problem-solving challenge

3 Credits

Instruction Type(s)

- Lecture: Lecture for Edci 520
- Lecture: Web-based Lecture for Edci 520
