

Engr 361: Electric Circuit Laboratory School of Engineering

Circuit elements and instruments; experiments dealing with series and two-port networks, voltage, current, power, vars.

1 Credit

Prerequisites

Engr 360: Electric Circuit Theory
 Pre-Requisite: 24 Earned Hours

Instruction Type(s)

• Lecture/Lab: Lecture/Lab for Engr 361

Course Fee(s) Engineering 2

• \$50.00

Subject Areas

- Engineering, Other
- Engineering, General
