

Jour 310: Social Media in Society

School of Journalism and New Media

This class takes a critical approach to understanding the relationship between society and social media. The course will explore the development of social media by situating them in broader social, political, historical, and business contexts. We will examine how the emergence of social media technologies are discussed, the ethical and legal challenges surrounding these technologies, and how social media affect various aspects of our lives including our social relationships, identity, privacy, and work.
