

Emphasis - Pharmacognosy

M.S. in Pharmaceutical Sciences

Emphasis - Pharmacognosy

M.S. in Pharmaceutical Sciences

The M.S. in pharmaceutical sciences can be completed with an emphasis in environmental toxicology, medicinal chemistry, pharmaceutics, pharmacology, pharmacognosy, or pharmacy administration.

Minimum Total Credit Hours: 30

Course Requirements

Requirements for each emphasis area are given in the respective program description sections. Each emphasis area requires students to complete a minimum of 24 semester hours of course work and 6 hours of thesis.

Emphasis - Pharmacognosy Description

The M.S. in pharmaceutical sciences with emphasis in pharmacognosy involves the study of bioactive natural substances found in terrestrial and marine organisms.

Note: For more information, refer to the student handbook

Graduate Student Handbook

Goals/Mission Statement

The academic mission of the Department of BioMolecular Sciences, Division of Pharmacognosy is to apply natural products related sciences to the teaching of professional pharmacy students and graduate students. The research mission of the department is the discovery, design, analysis, and further development of potential drugs and the discovery of potential drug targets.

Course Requirements

Requirements for the M.S. with an emphasis in pharmacognosy include:

- Biosynthesis (Phcg 627), 3 hours
- Advanced Biochemistry (Phcg 620 or equivalent), 3 hours
- Graduate Student Survival Strategies (BMS 601), 2 hours

Students will need to select at least 12 additional elective hours (approved by their committee) at least one of which must be selected from approved offerings outside the department.

Seminar Requirement

Students are required to register for BMS 643 (Z grade) every semester, with the exception of those semesters in which the student presents a seminar and instead registers for BMS 641 (graded). No more than 4 seminar hours can be used toward the 24 minimum total credit hours.

A minimum of 6 hours of thesis research must also be taken to meet degree requirements.

Other Academic Requirements

A thesis based upon experimental work in the general area of pharmacognosy is required.

Degree Requirements and Expectations

Pharmacognosy graduate students must meet a high level of academic achievement to maintain eligibility. Students are expected to maintain an overall GPA of at least 3.0 (B).

The University of Mississippi is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates and baccalaureate, master's, specialist, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, call 404-679-4500, or visit online at www.sacscoc.org for questions about the accreditation.
