

BME 461: Biomedical Engineering Senior Design I

Biomedical-orientated design projects involving the design, planning, and testing of a prototype; and/or selection of new design projects addressing realistic constraints such as human safety, health care costs, reliability, ethics, and social impact. Part 1 of a two-semester sequence.

2 Credits

Prerequisites

- BME 444: Biomedical Controls
- Pre-Requisite: 24 Earned Hours

Instruction Type(s)

• Lecture: Lecture for BME 461

Course Fee(s)

Biomedical 2

• \$200.00

Subject Areas

Bioengineering and Biomedical Engineering

The University of Mississippi is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates and baccalaureate, master's, specialist, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, call 404-679-4500, or visit online at www.sacscoc.org for questions about the accreditation.
