The qualifications for the 9 hours of technical electives: any combination of courses offered by the School of Engineering with one course at the 200 level or higher and at least two courses at the 300 level or higher, for a combined total of 9 credit hours. For students in the 3+3 pre-law studies emphasis, Law 515 and Law 568 will count as 6 hours toward the 9 hours of technical electives. Those courses will substitute for a 200 level or higher and one 300 level or higher course.

Other Academic Requirements

Students must maintain at least a 2.0 GPA in the emphasis classes for graduation.

Standard Option Description

This approach to the Bachelor of Engineering degree is based on individually designed curricula that permit the student to obtain a strong background in science and technology while simultaneously giving the student a broad education outside these areas of study. The 27 hours of emphasis courses must be organized around a coherent theme and must be pre- approved by the director of general engineering.
