B.B.A. in Management Description

Managers lead organizations by motivating, coordinating, and planning in order to achieve organizational goals. The management major integrates theory with application to help students become the socially adept, critical thinker that public and private organizations seek to lead for successful outcomes. Management graduates have a broad-based business education that will help them achieve career success, including financial management, logistics, information systems, operations, business strategy, economics and statistics, as well as a narrower focus on management topics such as leadership, organizational behavior, human resource management, and negotiation.

Minimum Total Credit Hours: 120

Emphasis - Health Care Management Description

Because the U.S. health system is massive and complex, the health care management emphasis takes you beyond the common business model to enhance student comprehension of the specific complications of the health care industry. In this program, students learn about the health care system, its regulatory environment, and the way systems innovate to respond to the challenges of an aging and growing population. Students graduate with an understanding of patient-centered health care and the skills needed to navigate a health systems career.

General Education Requirements

For the emphasis in health care management, a student must complete 9 hours of coursework in the following: Mgmt 351, Mgmt 352, and Mgmt 353.

Degree Requirements

The academic regulations for this degree program, as entered in the University of Mississippi Catalog, are in effect for the current or selected academic year and semester. The University of Mississippi reserves the right to 1) change or withdraw courses; 2) change rules for registration, instruction, and graduation; and 3) change other regulations affecting the student body at any time.
