

Mgmt 677: Integer and Nonlinear Optimization Management Information Systems

Current developments in optimization theory and their application to problems in operations management. Emphasis will be on integer and nonlinear programming applications.

 $\label{lem:precedule} \mbox{Prerequisite requirements for this course may also be satisfied by consent of instructor.}$

3 Credits

Prerequisites

• Mktg 770: Production and Operations Management (Minimum grade: C)

Instruction Type(s)

• Lecture: Lecture for Mgmt 677

Subject Areas

• Management Information Systems, General

Related Areas

• Management Information Systems and Services, Other
