## **Admission Policies**

Our program encourages but does not require either the GRE General Test or the GMAT. GRE/GMAT score submission is optional for those applying Fall 2023 (application deadline: 01/15/2023). You are NOT required to submit GRE/GMAT scores, and applications without GRE/GMAT scores will be given full consideration. You may choose to submit scores if you have them, and they will be considered by the admissions committee. Although you do not have to submit a GRE/GMAT score, opting to submit a strong test score (rather than submitting no score) may increase odds of receiving an invitation to interview, all other things being equal. In our current method of evaluating applicants, a relatively strong GRE/GMAT score could be used to offset a relatively lower GPA, but you would not be penalized for a low or un-submitted GRE/GMAT score.

The University of Mississippi is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award certificates and baccalaureate, master's, specialist, and doctoral degrees. Contact the Commission on Colleges at 1866 Southern Lane, Decatur, Georgia 30033-4097, call 404-679-4500, or visit online at www.sacscoc.org for questions about the accreditation.
