

## Geol 203: Earth Dynamics Laboratory Content

### Geology & Geological Engineering

This is the laboratory component of Geol 103. This course is designed for students transferring into the program after completing Geol 101 and 102. Students cannot receive credit from both Geology 103 and 203. This course when combined with introductory geology courses can be used by students seeking a waiver of the requirement to complete Geology 103, with permission of the department.

2 Credits

### One-way corequisites

- [Geol 101: Physical Geology](#)
- [Geol 102: Historical Geology](#)

### Instruction Type(s)

- Lecture: Lecture for Geol 203

### Subject Areas

- [Geology/Earth Science, General](#)

### Related Areas

- [Geochemistry](#)
- [Geochemistry and Petrology](#)
- [Geological and Earth Sciences/Geosciences, Other](#)
- [Hydrology and Water Resources Science](#)
- [Paleontology](#)
