

# Ch E 561: Advanced Transport Phenomena II Chemical Engineering

Development and use of the equations of conservation of mass, energy, and momentum in continuous materials. 3 Credits

## **Prerequisites**

• Pre-requisite: Ch E 560 or Graduate Standing

# Instruction Type(s)

• Lecture: Lecture for Ch E 561

## **Subject Areas**

• Chemical Engineering

#### **Related Areas**

• Chemical and Biomolecular Engineering
