

Prct 490: Landmark Trials

Pharmacy Practice

This elective course explores the primary literature that has shaped current clinical practice in a variety of disease states. Students will critically evaluate primary research studies to reinforce skills in interpreting research methods and findings, applying the data to patient cases to support therapeutic decisions, and identifying the rationale for current clinical practice guidelines.

2 Credits

Prerequisites

- Pre-Requisite: 24 Earned Hours

Instruction Type(s)

- Lecture: Lecture for Prct 490

Subject Areas

- [Pharmacy \(PharmD - USA - PharmD, BS/BPharm - Canada\)](#)

Related Areas
